SUBJECT: FSS Meeting

1. As previously announced, the FSS will hold its next meeting on Monday, 9 July 1984, [REDACTED] Room 1S06, from 0900-1100. In addition to reconsideration of the "precis proposal," the subcommittee will discuss a Department of State proposal to conform to the standard Community format for its cables, as presented to the IHC on 22 June 1984. (State proposed that it take its incoming cables at DOS HQ in the usual [REDACTED] format, add [REDACTED] format headers and retransmit to other agencies. In addition, changes to field designators will be made.)

STAT

2. To adequately address this proposal, it is requested that FSS members also invite appropriate personnel who are involved with the communication and processing of State cables. Request that the names and [REDACTED] clearances of these individuals be passed to the ICS/IHC by COB 6 July. Should you require additional information on this matter, call me [REDACTED]
